

Presentation of participants

Annegrete Lausten,
Danish Energy Management
TA to the EC Delegations for the monitoring of
the Energy Facility I projects

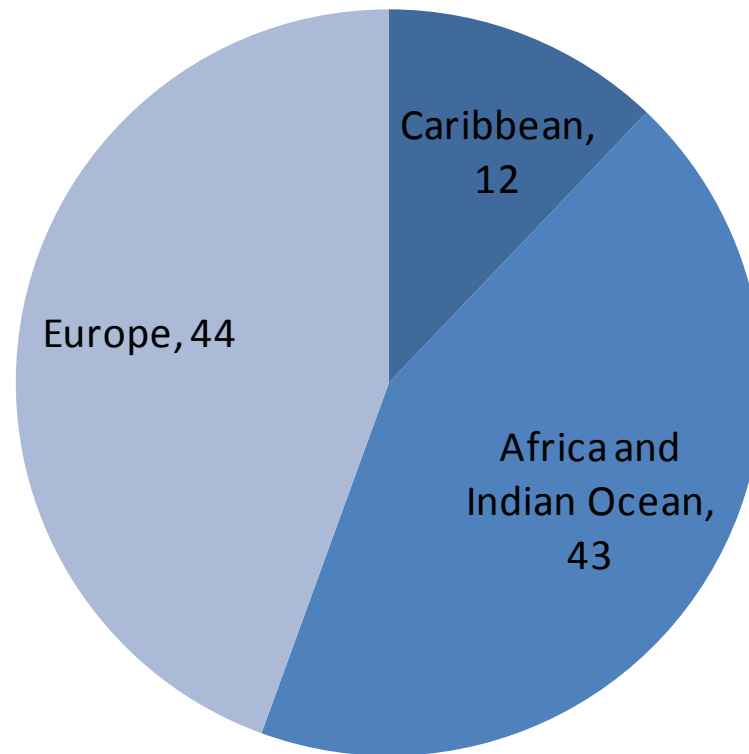

36 countries represented

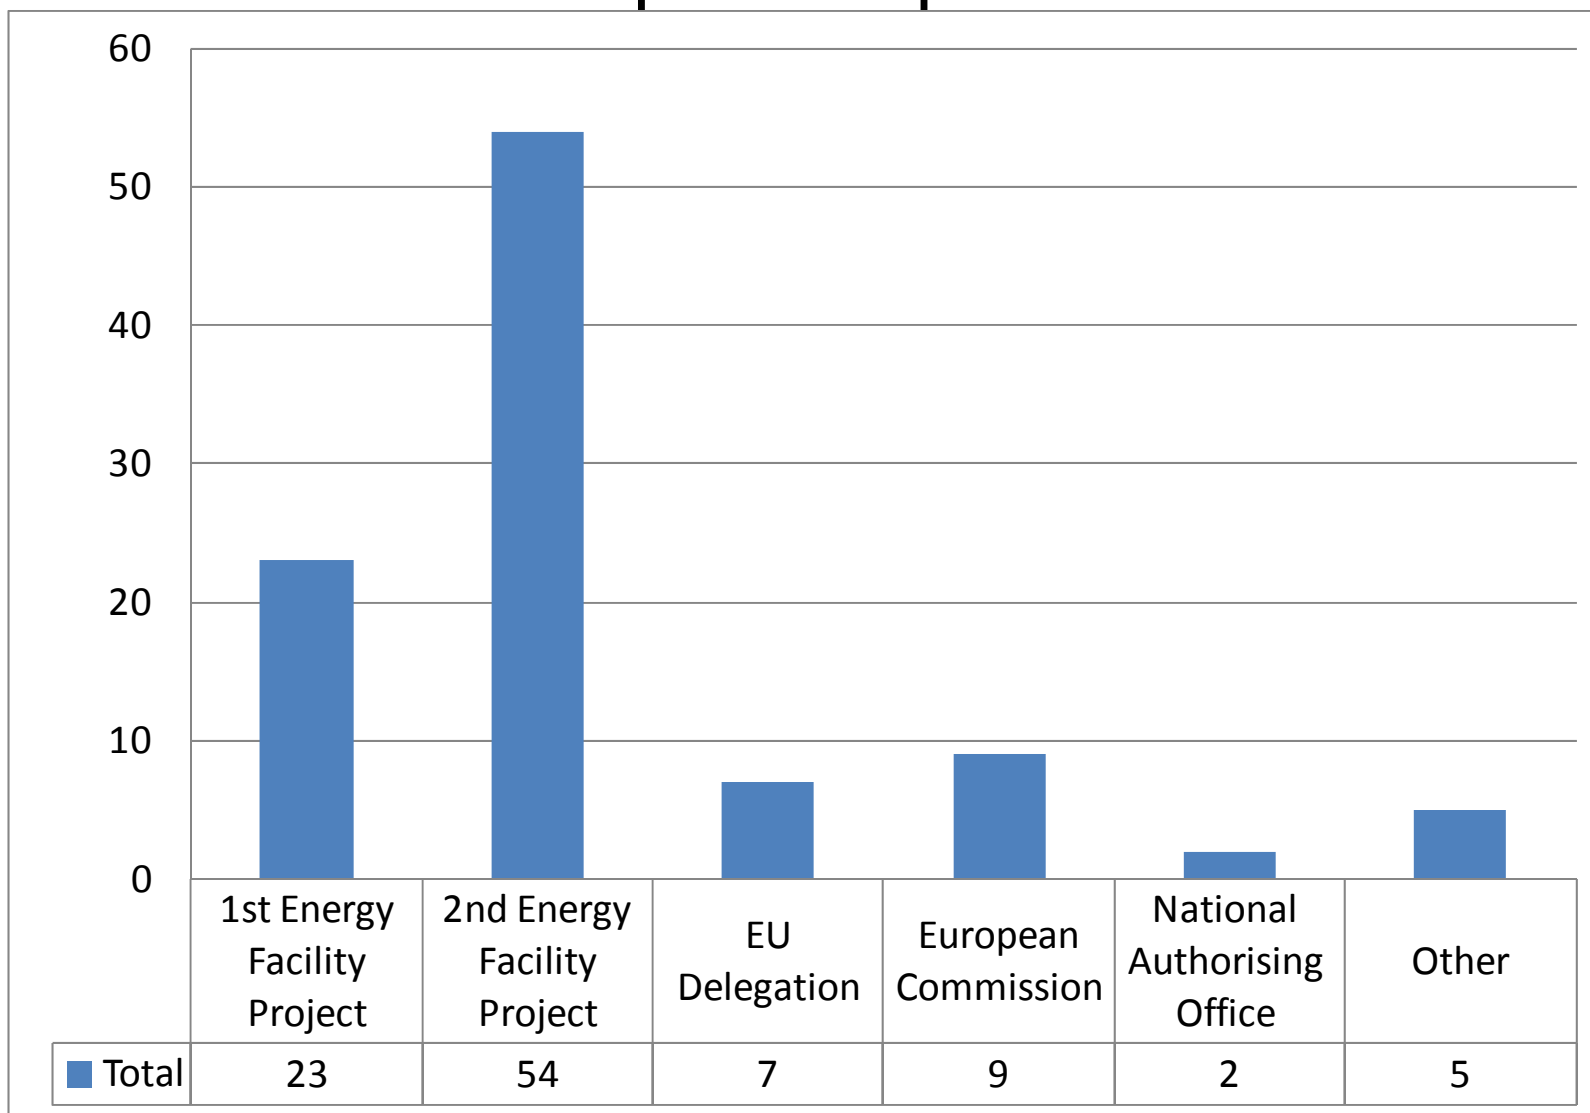

Arriving from Europe, Africa and Caribbean

Participants represent:

Project financed under the 1st Energy Facility

- Catalysing Modern Energy Service Delivery to Marginal Communities in Southern Africa, Malawi Mozambique Zimbabwe
- Community Managed Renewable Energy for Rural Ethiopia (CMRE)
- Cross Border Supply of Electricity to Rural Communities, West Africa
- Developing Energy Enterprise Project (DEEP) East Africa, Kenya, Tanzania, Uganda
- Eco Makala - Viabilisation durable de l'approvisionnement en bois-énergie des populations rurales riveraines de la ville de Goma, RDC
- Electrificação da Comunidade de Majaua, Mozambique
- Improved access to energy services in isolated areas of Mozambique by application of photovoltaic systems
- Increased Rural Energy Access in Rwanda through PPP (IREA RPPP)
- Levée des obstacles au développement de la filière pico-hydro en Guinée
- Msamala Sustainable Energy Project, Malawi
- Mwenga Hydro, Tanzania
- Plan stratégique de développement et de la Gouvernance de l'énergie, Tchad
- Preparation of a Geothermal-Based Cross-Border Electrical Inter-Connection in the Caribbean, Dominica
- Programme d'Electrification Rurale par raccordement au réseau, Benin
- Projet d'électrification periurbaine intensive, regional Central Africa
- Providing Access to Modern Energy in Northern Uganda – PAMENU
- RESOUTH, Madagascar
- rHYviere à Madagascar
- Electricity for Rural Development for Rumpi Area (ERD-RUMPI), Cameroon
- Somalia Energy and Livelihoods Project, Somalia
- SETUP: Services Energétiques et Techniques à Usage Productif au Bénin

Project financed under the 2nd Energy Facility

A Hybrid Rural Electrification Project Using Wind Energy for Island of Carriacou & Petit Martinique

Augmenter l'accès à des services énergétiques décentralisés durables en zone rurale au Burkina Faso

BOREALE, Madagascar

Community Based Green Energy Project

Community empowerment for efficient production, use and access of renewable and sustainable energy in rural areas in Malawi

Decentralised Micro hydropower

Developing and Demonstrating a Rural Energy Strategy and Master Plan for Liberia

Dotación de Energía alternativa a Comunidades de Moca

Droits des femmes, politiques énergétiques et environnementales au Tchad

Electrification intégrale de dix villages du Yatenga axée sur la promotion d'une écozone

Energies durables pour les régions d'Agadez et de Tillabéri

Expanding Sustainable Energy Markets through Microfinance - Energy Enterprise Partnerships (Kenya, Tanzania, Uganda)

Frameworks, Policies & Instruments for Mobilising RE in the Caribbean

Haïti: Déployer de nouvelles opportunités de développement socio-économique par l'accès aux énergies durables dans le Plateau Central

Increase Access to Energy Efficient Stoves among Rural Households in Northern Uganda

Integrated approach to meet the rural household needs of Ethiopia

Integrated Rural Electrification Planning (IREP TANZANIA)

Mejorar el acceso a Fuentes de energía y la organización comunitaria de 4 comunidades rurales pobres de la región fronteriza de República Dominicana y Haití.

Mini réseaux ERD au gasoil-huile de Jatropha dans le Nord du Sanmantenga au Burkina Faso

Mise en œuvre d'infrastructures de production électrique solaires pour les localités rurales isolées de Mauritanie (IPES Rural)

NICE Roll-Out

PASES et PROCEAO

PHEDER : "Pico hydroélectricité pour le Développement Rural"

ProCEAO

Production durable d'électricité aux services des populations rurales et périurbaines en Afrique: développement du concept "flexy-energy"/Burkina Faso

Programa Comunitário para Acesso a Energias Renováveis

Programme d'Accès aux Services Energétiques Commune Rurale de Safo (PASE SAFO)

Project to Provide Electrification to Marginal & Depressed Rural & Peri-Urban Communities in Belize from Renewable Energy Sources Through Grid Extensions

Provision of modern, affordable and sustainable energy services to rural poor communities in West African countries from Jatropha curcas oil (Ghana, Burkina Faso)

Renewable energy for local development

Renforcement du CLUB-ER (2011-2013) et MBAKAOU CARRIERE

RURAL ENERGY ACTIVATING LIVELIHOODS -REAL

Rural Sustainable Energy Development in Zimbabwe

SESAM - ER

SIE-AFRIQUE PHASE VI

Support to the efficient utilization of alternative energy sources to improve the livelihood of pastoral and agro pastoral communities in Southern Ethiopia

Sustainable Wood and Charcoal Production in Rural Mozambique and Tanzania

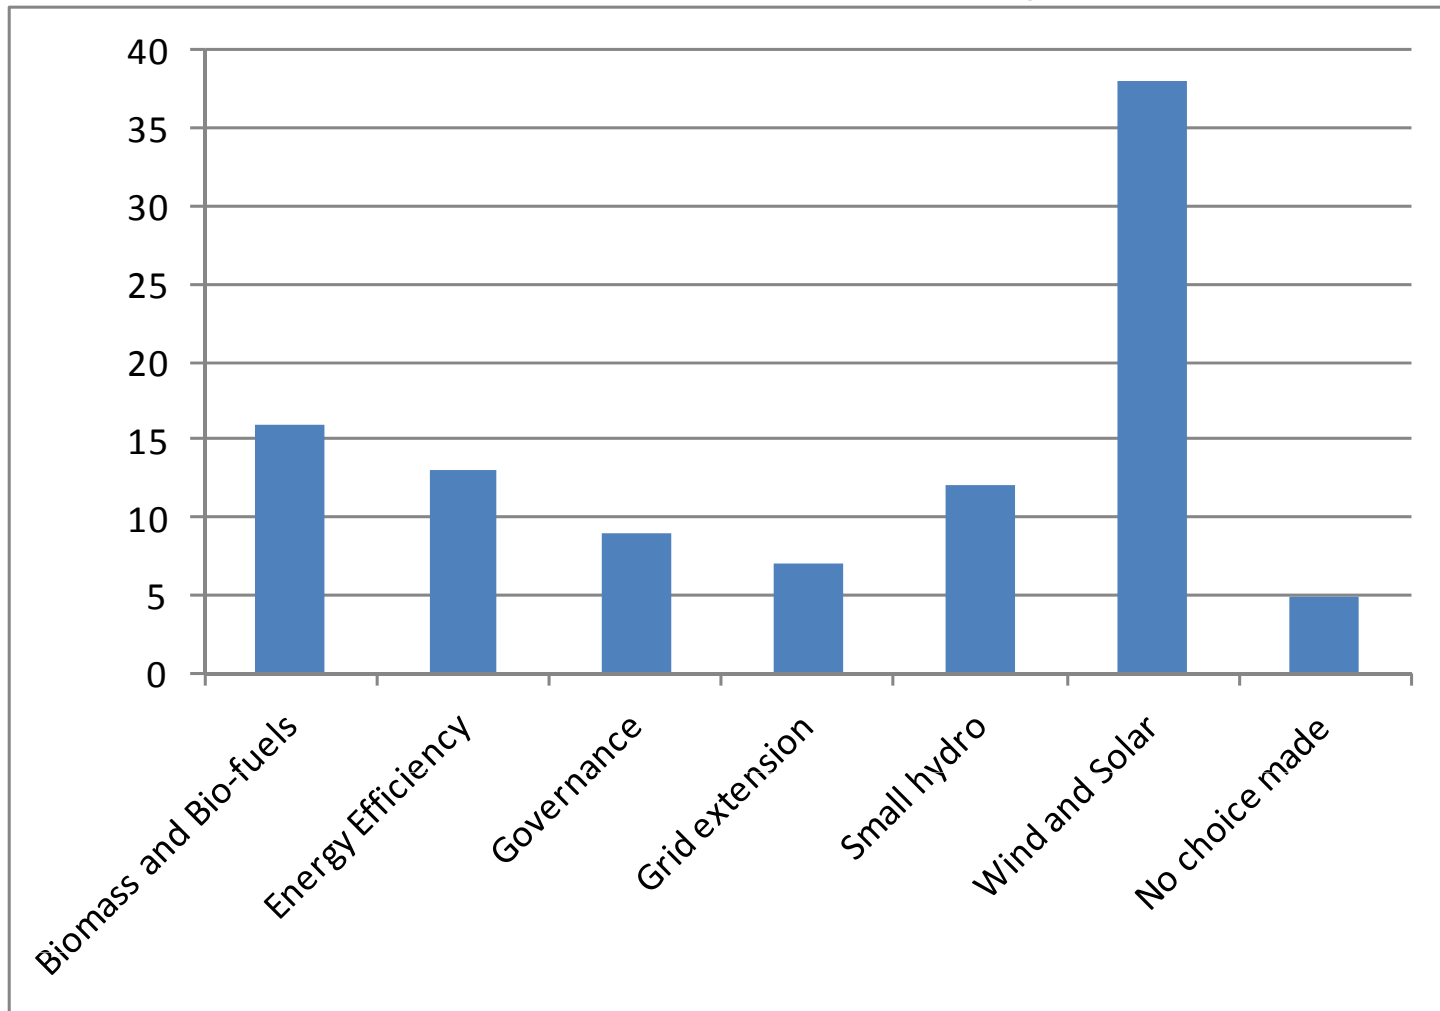

La fourniture des kits photovoltaïques pour la population rurale et péri-urbaines de la région de Gabu à l'est de la Guinée-Bissau sur la base des redevances mensuelles

Solar Energy for rural Kenya

Supporting Energy Efficiency for Access in West Africa (SEEA-WA)

Choice of Workshop

We hope you will **enjoy** the two seminar days
and will **profit** from the
networking opportunities
and the
exchange of experiences
to the **benefit**
of ongoing and future **energy projects**
